## He is Enthusiastic

The Warranted Enthusiasm of a Prominent Citizen of Owosso.

Mr. H. B. Gates has been a prominent man in Owosso for many years—an old citizen and much respected resident. He has held the important position of City Treasurer, and his endorsement is worthy of the consideration of the public. This is what he says:

"I take great pleasure in speaking words of praise for Doan's Kidney Pills, and my personal experience is what makes me feel that way toward the pills. For several years I have had an almost continual backache. I could hardly stoop over, and anything that required bending over would aggravate my backache so that I would be compelled to go and lie down for awhile. I was also greatly troubled with the urine. Sometimes it was very frequent, and then again it would become very scanty and high colored. When that way my stomach would bloat up terribly. This is what might be called the dark side of my story. The bright side followed when I procured a box of Doan's Kidney Pills at the drug store of Johnson & Henderson and began their use. Their action was almost like magic. The second day after I commenced taking them my back felt better. I continued their use, and to-day my back feels splendid. It is free from any ache or lameness, something I have not experienced for a number of years. The urination has been restored to a natural condition and regularity. I do not blot any more. Another member of my family was troubled in nearly the same manner, and obtained the same benefit from using Doan's Kidney Pills that I did. Their wonderful success has made me enthusiastic in their praise. You are at liberty to use this statement and refer anyone to me. I have already told lots of people about them."

Doan's Kidney Pills for sale by all dealers—price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

### Adulterated Goods.

The last legislature passed a law which will give the State dairy and food commissioner far more power than he has heretofore possessed to suppress the sale of adulterated and impure food and drinks. The commissioner will take immediate steps to enforce the law and is out with a circular in which he says:

"It will be my endeavor to avoid all undue harshness and severity and do all in my power to aid in a correct understanding of the laws. To this end and also for the purpose of doing away with a multiplicity of inquiries, and to prevent the unavailing plea of ignorance on the part of violators of the laws, I append a compilation of the laws to be enforced by this department. This appendix, or what is better, the statutes themselves should be consulted in special cases. But for the purpose of a better general understanding of their scope and purport the following synopsis will be found useful."

### PROHIBITED ARTICLES

1. Generally, any article which has mixed with or abstracted from it or substituted for it any ingredient which lowers its quality, strength or purity, or is injurious; or if it is sold under the name of another article or is falsely branded; or has been coated, powdered or polished to conceal inferiority or to make it appear of greater value; or in which there is fraud or deceit.

2. Decomposed or tainted animal or vegetable substances, or products of diseased animals.

3. As butter, anything not made from milk or cream.

4. Anything in semblance or imitation of cheese which is not made from unadulterated milk or cream.

5. Only cheese made from milk from which no cream has been taken can be branded or sold as "full cream cheese."

Cheese not branded may be presumed to have been made from skimmed milk.

6. All imitations and substitutes for pure lard must be branded "adulterated lard" or "lard compound," or "lard substitute," in letters one inch in length if in manufacturers' packages, and at least one half inch, if in wholesale or retail packages. Possession of unbranded, prima facie evidence of intent to sell.

7. Only pure fruit jellies or butter can be sold as such. Artificial jellies can be sold if uncolored, are not injurious, and are labeled "imitation fruit jelly or butter," and name and location of manufacturer.

8. All pure liquors must be branded "pure and without drugs or poison." Impure liquors absolutely prohibited.

9. Milk which is impure, unwholesome or adulterated or from cows which are diseased or kept on unwholesome food or in connection with family in which is infectious disease. Skimmed milk must be labeled such. No cream can be taken from any milk and all milk must contain 3 per cent fat and 13 1/2 per cent solids.

10. Oleomargarine and butterine must be branded as such, and stores, hotels, restaurants, boarding houses, etc., must have signs on outside door, and conspicuously in the room.

11. Canned goods must not contain deleterious substance and must bear a label with name of packer. If dried before canning, must be labeled "soaked or bleached goods."

12. Pure cider vinegar must be so branded and with name and location of manufacturer. Only pure cider vinegar can be sold as such. Only vinegar made from fruit can be branded "fruit vinegar." No vinegar can contain preparation of lead, copper, sulphuric acid or other substance injurious to health, nor any artificial coloring matter. All vinegar must contain 4 per cent acetic acid and if cider vinegar 1 1/2 per cent elder vinegar solids.

13. Recognized mixtures or compounds must be so labeled. Penalties range from \$10 to \$1,000 fine and imprisonment from ten days to three years.

It would be impossible to enumerate all articles affected, but as fast as the same are called to the attention of the department decisions will be made and published in the bulletins from month to month. A few of them have been thus far made and are as follows:

Mixed syrups must be branded as glucose syrups; preserves may be sold without formula but analysis will be published; prepared mustard must be pure or labeled "mixture or compound;" extracts and essences true to name may be sold without formula, but if artificial they must be so labeled; only pure spices may be sold.

Baking powder may be sold without formula, but if labeled at all must be true to name; false branding or labeling is a misdemeanor.

Complaints or requests for investigation will be held in strict confidence and will receive prompt attention when addressed direct to the department or through any inspector.

It was hoped that active work in this department might begin much sooner, but there have been delays that were unavoidable in fitting and furnishing the chemical laboratory provided for by the last legislature. But that work now in nearly completed and within a very short time work will be begun and it is hoped much good may result to all the people of the state.

Consumption is the natural result of a neglected cold. Dr. Wood's Norway Pine Syrup cures coughs, bronchitis, asthma, and all lung troubles down to the very borderland of consumption.

Tuesday, Oct. 1st, the Toledo, Ann Arbor & North Michigan Ry., will sell excursion tickets for all regular trains to Chicago via Durand and Chicago and Grand Trunk Ry., and to Milwaukee via Detroit, Grand Haven & Milwaukee Ry., at one fare for the round trip; good returning until Oct. 6th.

On account of the Grand Cantonment and Competitive Drill, Patriotic Militant, I. O. O. F., at Ann Arbor, Oct. 8th and 9th, the Toledo, Ann Arbor & North Michigan Ry., will sell excursion tickets from all stations between Toledo and Owosso at one and one-third fare for the round trip.

### University Extension Lectures.

It is expected that Prof. Zeublin of the University of Chicago will give his course on "Social Reform in Fiction," in the University Extension Course this winter in this city. The subjects are:

1st. The Factory System—Dickens' Hard Times.

2d. Radicalism—George Eliot's Felix Holt.

3d. Chartism—Kingsley's Alton Locke.

4th. The Labor Movement—Besant's All Sorts and Conditions of Men.

5th. Paternalism and Socialism—Mrs. Ward's Marcella.

6th. Social Christianity—Mrs. Ward's David Grieve.

We are very fortunate in securing Prof. Zeublin. His lectures are bright and entertaining, and embrace a list of subjects that are of increasing interest to us in this age of social discussion and progress. The lectures will be conducted as they were last winter, giving opportunity for question and discussion at the close of each lecture. It will be of great assistance to the committee if persons who are interested in this work will hand in their names to any of the following persons, as a certain number of subscribers are necessary to the continuance of the course: Mrs. C. E. Gould, Mrs. A. E. Steyer, Mrs. C. D. Stewart, Miss Abbie Tillotson, Mr. G. L. Taylor, Rev. W. B. Matteson, or at Parkill & Son's drug store.
